# Interior Design

Designed by the internationally renowned firm of Yabu Pushelberg, the interior dining space channels Parisian heritage and the serenity of nature. Curved booths and well-spaced tables are partitioned for privacy, and each compartment is adorned with chiaroscuro murals of whimsical forest scenes in rich, vivid shades and hues, hand-painted in a single sitting.

## In the private room,

walls are wrapped in back-lit laser-cut metal panels designed to mimic traditional molding, while a pair of stunning hand-sculpted, wire-woven pendants hang above the dining table. Complete with a personal outdoor terrace, the private dining room is a luxurious experience for guests looking for privacy over a relaxing aperitif.
